

Job Title: Software Engineer (Full-Time Position)

Date: February 2009

Avvio are currently looking for great Software Engineers to join our expanding team. We have created a company culture and environment that encourages people to use their initiative and one which recognizes them for their accomplishments. We hire great people with industry expertise and give them the resources they need to succeed with our clients' businesses.

The successful candidates will work in a small development team building production web applications for the hotel & hospitality sector.

Essential Competencies:

- Degree in Software Engineering (or similar)
- STRONG web-based programming skills (PHP or ASP or Java or Perl)
- Track record of completed projects on the web
- SQL
- XHTML/CSS/JS/DOM
- OO development/programming
- Previous experience with XML web Services
- Knowledge of revision management tools and configuration control
- Basic knowledge of UNIX command line tools

Apply:

To apply for this position, please send a cover letter and Curriculum Vitae (CV) to hr@avvio.com
