Gift Cards

Valentine's Day is a great time for couples to head away for a night of two, but spending a few days away from home is not always possible for couples. Therefore, a good alternative is to offer experiences such as 'Romantic Afternoon Tea' or 'Couples Massage Treatments'.

These Valentines experiences can be offered in the form of Gift Cards (see example below) which can be linked to a 'Gift Card' tab as well as from your Valentine's landing page.
